
Preface:

In general, this unit does the following:

It finds out which household members who are eligible thus far are **AFDC-related**. A person is AFDC-related if s/he is:

1. Less than 19 years old, or
2. Pregnant, or
3. The **caretaker** (3.2.0) of a **deprived child** (4.1.0), or
4. Less than 19 years old and residing in a:
 - a. Licensed foster or group home, or
 - b. Licensed child caring institution, or
5. 19 or 20 years old, and residing in **an institution for mental disease (IMD)** (10.1.1), or
6. 21 years old, residing in an institution for mental disease (IMD), and has been residing there since at least age 20.

During financial testing you will need to know whether each household member is AFDC-related and/or **SSI-related** (SSI-Related Unit) in order to allow the correct earned income deductions.

Each **household** (MA Extensions Unit) member can be either AFDC-related or SSI-related, or both.

Instructions:

Test each household member in this unit and in the SSI-Related Unit if s/he is still nonfinancially eligible thus far. These are all the persons who've passed the Individual Unit and the Sanctions Unit.

After you've finished this unit, the SSI-related Unit, will instruct you to return here to begin testing the next eligible household member.

Use the "AFDC-Related" section of the MA Nonfinancial Worksheet.

Screen

9.1.0

01. Is this person someone you found eligible for an **MA extension** in the MA Extensions Unit?

If yes, you should already have circled "Y" (yes) in this person's column in the "AFDC-Related" section of the MA Nonfinancial Worksheet. Go to 28.

If no, go to 02.
